

SCIENCE POINT OF CONTACT at Every School in San Diego County!

Are you in?

Are you connected?

Are you informed?

The San Diego Science Alliance provides timely announcements on K-12 science education resources

- Register to receive Science announcements
- Disseminate information to others at your school and encourage them to register too
- Participate in some of the most amazing opportunities that open doors to science resources for your school

How to Register

Log on to www.sdsa.org

Go to box in the bottom center of homepage and click on "Sign Up for E-mail Alerts"

Complete the form.

NOTE: The more information you enter, the better we can target the messages so you receive only the announcements that match your interests.

Click the "Submit" button when you are done.
